Sold through our Integrity EWP Division, Alliance Lumber is honored to be the exclusive Arizona distributor of WebJoist's Web-i™ commercial grade I-joists.

Offering a cost-effective solution for floor and roof applications, WebJoist products are engineered and built specifically for your application. Working with your architect and engineer, our in-house design department will prepare the necessary shop drawings and sealed calculations to help ensure a trouble-free installation.

In addition, we also offer WebJoist's complimentary full line of metal web, pin-connected trusses for long-span and custom profile applications.

● **Custom Orders Only:**

● I-joists

Web-I 4412, 4512, 4712, 4532, 4732 are available in depths up to 28" (cambered joists also available.)

● Code Approval:

ICC ES ESR-2504 (openwebs)  
ICC ES ESR-2974 (I-joists)
