Alliance Lumber now offers pre-fabricated stair assemblies for fast, convenient, trouble-free installations.

Featuring Integri-Strand OSL or Integri-Lam LVL stair stringers, you can specify your next stair system as a complete, pre-assembled unit ready for installation, or as individual pre-cut components for your crew to assemble on-site. Either way, our stairs and stair components will save you time and labor costs on your next stair system.

As with all of our Integrity brand products, these components have been manufactured and engineered to work together for reliable, consistent, and economical results.

And when combined with our Integri-Joist and Integri-Lam LVL floor and roof systems, our customer's receive one of the most comprehensive and value-oriented structural framing systems available.
